

## Two Soviet Citizens Subpoenaed To Trials

### Russia Sends Objections To Spy Probe

Washington, Aug. 10.—(P)—Defying Russia's bitter objections, the House un-American activities committee today slapped witness subpoenas on two Soviet citizens for its Red spy hearings.

A third remained in the Soviet consulate in New York, but subject to possible subpoena if she emerges. Somewhere in the U. S. A., committee a list handed orders to a 40-year-old mathematics teacher, Michael Ivanovich Samarin, and his wife, who dropped out of sight after he sought an interview with the FBI Sunday. The committee hopes they can aid its inquiry into activities of Communist infiltrators.

Committee Chairman J. Parnell Thomas (R-NJ) said the subpoenas were served but didn't say where. Soviet Ambassador Alexander S. Panyushkin has demanded of the State Department that Samarin be delivered to Soviet officials for return to Russia. The department has politely declined.

In New York, the Soviet consulate appealed again to police to find Samarin.

**Interview Third Russian**

But at the consulate, efforts of the same police to interview the third Russian citizen in the case, Mrs. Oksana Stepanovna Kosenkina, met with failure.

The State Department informed Thomas' committee that it could subpoena Mrs. Kosenkina if it can reach her, but that it can't reach the consulate without a warrant. And a warrant could be issued only if there were a suspicion that some crime was committed in the consulate.

Mrs. Kosenkina, 52, and like Samarin a teacher of children of Russian diplomats, sprang into the case last Saturday when she was "rescued" by the Russian consul from White Russians—anti-Communists—at a colony near New York. The committee would like to ask her what she knows about Communist operations in this country.

**She Bentley Accuses Three**

In the House committee hearing room today, three more men who were wartime government officials denied accusations by Elizabeth T. Bentley that they had given her information while she was a courier for Soviet agents.

William Ludwig Ullman, with the government from 1935 to 1947 in various agencies, called her a liar. Duncan Lee, 33-year-old former operative for the Office of Strategic Services, suggested she isn't rational.

Robert T. Miller, formerly in the office of Coordinator of Inter-American Affairs and the State Department, said she didn't ask him for information. He denied he ever was a Communist and so did Lee.

But Ullman refused to say whether he ever knew Miss Bentley. Miss Bentley then took the witness stand and repeated her charges against Lee.

She added testimony that he had told her "something very secret" was going on at Oak Ridge, Tenn. He didn't know exactly what it was, she said. She got this information during a talk outside his home in Washington, she testified.

**Douglas Blasts Illinois GOP Party Leaders**

Champaign, Ill., Aug. 10.—(P)—Paul H. Douglas, Democratic nominee for senator, said tonight that "Illinois Republican leaders are the Wallaceites and Dixiecrats of their party" and should "try to behave like honest men and withdraw from the national party."

Douglas termed the state GOP chiefs as "hard-bitten isolationists." He said they had a right "to blind their eyes to the facts of life, but they should advocate that foolishness in an open way."

"They have no right to call themselves Republicans when they are dead set against everything the Republican party endorsed at its national convention," he said in a prepared speech. He added:

"If they are interested in being straightforward, honest men, then they should form a new party dedicated to their own principles of isolationism and reaction. . . .

## Truman Signs Housing Bill; Denounces GOP 'Neglect'

Washington, Aug. 10.—(P)—President Truman today signed a housing bill designed to make it easier to finance low-cost homes but rapped the measure as falling far short of what the country needs.

Blasting the Republican-controlled Congress for "deliberate neglect" of people most in need of adequate housing, the President said he signed the "emasculated measure" only because it was better than nothing.

He had asked the special session to pass the Taft-Ellender-Wagner housing bill containing provisions for low-rent public housing, slum clearance and aids for farm housing.

**Pass Substitute Measure**

But Congress ignored the government-financed projects listed in the T-E-W bill and passed a substitute measure offered by Senator McCarthy (R-Wis.).

This is what the housing bill, now law will do:

1. It will permit the federal housing administration to guarantee loans made to states, municipalities and non-profit corporations building rental housing.

2. Authorize the FHA to insure an additional \$800,000,000 worth of mortgage loans of large-scale rental units where the cost for a family unit is not over \$9,000.

3. Make it easier for builders of pre-fabricated houses to get loans.

4. Speed building of housing projects by permitting builders to get 88 per cent insured mortgage loans on projects of at least 25 homes costing \$63,000 or less each.

**Authorizes Government Insurance**

5. On houses costing \$6,300 or less, it will authorize government insurance on 95 per cent buyers' loans and 90 per cent builders' loans.

6. Permit government loans of veterans' cooperatives, boosting the allowable cost from \$1,350 per room to \$8,100 a unit. There is an alternate ceiling of \$1,800 per room.

7. Authorize 90 per cent loans on non-veterans cooperatives.

8. Guaranteeing up to 10 per cent loans on constructions, mainly in rural and semi-rural areas, of homes costing not more than \$4,500. The present ceiling is \$3,000.

9. Permit banks to sell on to the government as much as 50 per cent of their GI and FHA insured mortgages acquired after April 30, 1948. The earlier limit was only 25 per cent.

**Russia Says 'No' To U. S. Demand At U. N. Meeting**

Lake Success, Aug. 10.—(P)—Russia today rejected a United States demand that Trieste be given back to Italy and accused the western powers of creating a German-patterned bizonia in the Adriatic territory.

Deputy foreign minister Jakob A. Malik told the security council that 21 nations had ratified the Italian peace treaty and any move to revise it was "unacceptable" to the Soviet Union. Britain and France support the American demand.

Malik said the U. S. and Britain were trying to sabotage the treaty and following the same policy of dismemberment used in Germany. What they are doing, he added, is creating a bizonia in Trieste and annexing it to Italy.

Malik then backed Yugoslav charges that the U. N. and Britain have violated the treaty in the administration of their zone. The western powers promptly denied the allegations with American delegate Philip C. Jessup accusing Marshall Tito of trying to annex the internationalized territory to Yugoslavia.

Russia's support of the Yugoslav case for a second time in the council debate was noted with interest in diplomatic circles here in view of the Yugoslav break with the Cominform.

After hearing Malik, the council adjourned until Friday when debate will continue.

**Rule New Risk In Conducting Union Relations**

Trenton, N. J., Aug. 10.—(P)—A punch in the nose—or cheek—is one of the recognized risks of conducting union-management relations, the New Jersey supreme court ruled today.

## Advices Putting National Guard Under Army Rule

Washington, Aug. 10.—(P)—Congress should take the national guard away from the states and give it to the army so it can get into action quicker, a defense department committee said today.

It proposed to combine the guard with the army's organized reserves, and the air national guard with the air reserve's air force.

And it suggested that the states, in losing their control of the guard units be allowed to organize local military units for internal security, trained and equipped by the armed forces.

All this was dumped into the lap of the defense secretary Forrestal by the so-called Gray board. Forrestal said it would be looked over by the secretaries of the army, navy and air force before any recommendation is made to Congress.

The board was set up last November by Forrestal under assistant secretary of the army Gordon Gray to recommend what should be done about all civilian reserve units of the armed forces.

Forrestal praised the job but cautioned that the proposals are not policy since they have not been reviewed by the three departments.

The committee took note of what it called two obstacles to quick mobilization of the guard:

1. Inability of the government to use the guard for federal purposes until Congress formally declares a national emergency.

2. Time-consuming re-transfer of property and equipment from the states to the federal government.

The guard and reserves "are not now capable of participating effectively in major combat operation on M-Day," the report said.

**Thousands Pay Homage To Former President Hoover**

West Branch, Iowa, Aug. 8.—(P)—In a spirit of humility, America's only living ex-president received the homage of thousands today as he observed his 74th birthday in his native village.

Herbert Clark Hoover, speaking from the two-room cottage where he was born to a Quaker teacher and a blacksmith father, told his audience that only the United States could write a story like his own.

"I have had every honor to which any man could aspire," Hoover said. "There is no place on the whole earth except here in America where all the sons of man could have this chance in life."

Railroad presidents, bankers and industrialists joined with Iowa farmers, soap-shiny youngsters, and oldsters who knew Hoover as a boy, to honor him as an American.

In return, Hoover told the crowd of 20,000 "the meaning of America" in what he called "Quaker terms."

The GOP elder statesman firmly put politics aside for the occasion. At two news conferences he said:

"We are not going to discuss politics today."

In his address—made after a Doctor of Humanities degree had been bestowed upon him by Coe College—Hoover said:

"The meaning of our word 'America' flows from one pure spring. The soul of our America is its freedom of the mind and spirit of man."

He said the greatness of this nation comes from the philosophy that "the creator endowed all mankind with rights of freedom as the child of God."

"The despair of Europe," he said, comes from "Karl Marx' satanic philosophy . . . that the rights of man came from the state."

**Praise Given U. S. For Partnership With Russia**

London, Aug. 10.—(P)—The Moscow radio lauded Soviet-American contributions to the war against Japan today and said "collaboration between the two countries is just as essential today as it was during the war."

While adopting a somewhat more conciliatory attitude toward the United States than has been evident in recent months, the English-speaking commentator assailed "reactionary circles in America . . . bent on undermining collaboration with the Soviet Union and sowing enmity and hatred for the Soviet Union among the American people."

The broadcast commemorated the Soviet Union's declaration of war against Japan on Aug. 9, 1945 and said the "fighting friendship and partnership" of Americans and Russians made possible the victory over Japan.

**APPOINTED CHIEF OF MEDICAL RESEARCH**

Washington, Aug. 10.—(P)—Dr. Alfred H. Lawton, head of the School of Medicine at the University of North Dakota, has been appointed chief of general medical research for the Veterans Administration.

## East-West Talks Bog Down Over Berlin Settlement

### Hold Husband On Murder Charge In Chicago

Chicago, Aug. 10.—(P)—A coroner's jury today recommended that a 26-year-old man be held on a murder charge in the butcher knife slaying of his young wife.

The body of Mrs. Mary Pruszewski, 23-year-old mother of three children, was found under a sink in the kitchen of her four-room basement flat early today. An eight-inch knife was buried in her chest.

Her mother, her three children, Marion and Raymond, six-year-old twins, and Patricia, three, slept quietly.

Police found the body after receiving a phone call from a man who said "I just killed my wife."

Edward Pruszewski, the dead woman's estranged husband, sat with his head in his hands during the inquest and refused to testify.

Once Pruszewski looked up and scowled when his wife's sister, Mrs. Helen Miszezak, 20, shouted at him: "I wish I had that knife now, I'd put it in you."

The court, who had known each other since they were children, were married seven years ago and had been separated seven months, the sister said.

Police Lieutenant Joseph Wojcik testified that Pruszewski had been arrested twice this year on warrants obtained by his wife charging disorderly conduct but was discharged on both occasions.

He said Mrs. Pruszewski had obtained another warrant June 18 charging her husband with non-support and had also complained to police on two earlier occasions that Pruszewski had threatened her.

**Claims Marshall Gave Resignation Threat To Truman**

Washington, Aug. 10.—(P)—President Truman denied today that Secretary of State Marshall had threatened to resign because of a difference of opinion over the American policy toward Israel.

The New York Star had published a story that the president and Marshall were split over American policy and that Marshall threatened to quit.

Charles G. Ross, presidential press secretary, early in the day said the report "certainly is news to me" when told of it. Later, after checking with the president, he said the president flatly denied the story.

Michael McDermott, State Department press officer, also said: "I'm sure there's nothing in that, because there is no conflict between the president and Marshall."

The Star said the president wanted to grant the Jewish state a loan, extend full legal recognition and sponsor Israeli membership in U. N.

McDermott said the question of giving full legal recognition to Israel is also under study.

**Mine Inspector Awarded Salary Raise For Bravery**

Washington, Aug. 10.—(P)—John E. Bradburn, 59, federal coal mine inspector at Madisonville, Ky., today received a \$250 boost in annual salary for saving the lives of nine men almost three years ago.

James Boyd, director of the Bureau of Mines, said Bradburn is the first inspector thus to be honored for performing an act of bravery above the call of duty.

Bradburn's heroism, Boyd said, was displayed during rescue operations in connection with a December, 1945, explosion at the Belva No. 1 mine in Bell county, Ky., in which 24 men were killed.

**Teacher Accused Of Embezzlement**

Marion, Ill., Aug. 10.—(P)—Assistant State's Attorney Charles Winckler yesterday formally charged Robert H. Garrison, 33, Marion high school band director, with embezzling \$363 in school band funds.

He was held today for Williamson county authorities in City Jail at West Frankfort, where he was taken into custody.

The Marion high school board last night announced it had terminated Garrison's teaching contract for the next school year.

**QUADRUPLETS BORN**

St. Jerome, Quebec, Aug. 10.—(P)—Quadruplets, all boys—were born today to Mrs. Magloire Vaundry in the Laurentine village of St. Antoine near the babies.

## Voters Should Be Prepared For Five Heated Campaigns

Washington, Aug. 10.—(P)—Campaign plans for five presidential tickets began taking shape today. In the next few weeks, the nation's voters will be caught in the hottest cross-fire of stump speaking in many a year.

President Truman was reported planning a train-bus swing around the country with the Republican Congress his chief target. His first major speech may be a bid for the labor vote. National Chairman McGrath urged him today to accept an invitation to speak at a Labor Day rally in Detroit. He said he is hopeful the president will agree.

Where to hit the Republicans, and what with, will concern another "White House strategy" conference around lunch time tomorrow. The president will talk with his running mate, Senator Barkley of Kentucky, and officers of a Truman-Barkley club.

**Dewey To Plan Dates**

Gov. Thomas E. Dewey will return to Albany tomorrow from his Pawling, N. Y., farm to talk speaking dates with Rep. Hugh D. Scott, Jr., GOP national chairman, and with the executive committee of the Young Republican National Federation.

Friends of the New Yorker meanwhile reported he may make a less ambitious campaign than Mr. Truman. They described him as so confident that he will be elected Nov. 2 as the first Republican president in 16 years that he may confine his voter appeal to fewer than ten major speeches.

Of course, would not rule out the many informal rear platform appearances that are traditional with a presidential campaign.

**Wallace Opens Aug. 21**

From New York it was disclosed that Henry A. Wallace will open his Progressive party campaign formally on Aug. 21 at a Bridgeport, Conn., rally. Wallace plans extensive tours in September and October.

An off-shoot of the Democratic party—the States' Rights—formally start their drive for the South's 127 electoral votes in Houston, Texas, tomorrow. There Gov. J. Strom Thurmond, of South Carolina will accept the nomination for president in protest against the president's civil rights program for Negroes and other minorities.

**Socialists Take Action**

The fifth presidential ticket swung into action with a statement by Socialist Norman Thomas hitting at the recent special session of Congress. He said the session, "with almost nothing done, reflects little credit on Congress or the president. Republicans, Democrats and Dixiecrats all played politics with the people's interest."

Socialist party headquarters in New York announced the Thomas ticket is expected to be on the ballot in 35 and possibly 36 states in November compared with only 24 in 1944.

Truman-Barkley club officers to call on the president will be Judge Welburn Mayock, Los Angeles, treasurer of the club, Stephen Harrington, St. Paul, secretary, and M. R. Evans, Louisville, and John Nangle, St. Louis, trustees.

**Strike Halts Garbage Collection In Gary, Indiana**

Gary, Ind., Aug. 10.—(P)—A strike of 150 Gary street, sewer and garbage department workers halted collection of garbage in this industrial city today.

The workers, affiliated with Local 142, General Drivers' Union (AFL), struck after the city council announced that the 1949 budget would provide a nine-cent pay increase. The drivers claimed the increase inadequate.

Mayor Gene Swartz and union business agent Michael Sawochka, said no conference had been called yet to discuss a settlement. The mayor and City Controller Vern Bauldridge said that before calling a conference they would "explore what adjustments can be made in municipal departments to enable the city to make a compromise higher wage offer."

The mayor appealed to residents to burn whatever combustible garbage they can and to cooperate in averting any disease menace. He added that emergency steps will be taken for garbage pickup if the strike is not settled within a week.

**Miss Bentley Claims She Was Rewarded By Russ**

Washington, Aug. 10.—(P)—Members of the House un-American activities committee said today that Elizabeth T. Bentley, who says she is a former Red espionage agent, was awarded \$2,000 and a Red Star decoration by the Supreme Soviet Council in 1945.

Members who declined use of their names said the date was November 7, 1945. That, they said, was after Miss Bentley turned against the Communists but was still keeping her Red contacts at the request of the FBI.

Miss Bentley has been the key witness in the committee's spy hearings. She has testified that many persons in the government supplied her with information which she sent along to Moscow in wartime.

Committee members said the Soviet awards apparently were in recognition of her work, that she turned both the money and the Red Star decoration over to the FBI.

**FLY FORCE LEADERS AIR TO GERMANY**

London, Aug. 10.—(P)—U. S. air secretary W. Stuart Symington and Gen. Hoyt Vandenberg, air force chief of staff, flew to Germany today. They first inspected the training number of superfortresses growing in England.

## No Immediate Agreement In Sight

London, Aug. 10.—(P)—Diplomatic sources reported tonight that the faithful east-west talks in Moscow had reached the grim, tough bargaining stage with each side set to wrest the maximum in concessions.

British informants said establishment of a board basis for four-power talks on all Germany has been held up by failure to hammer out a formula for settlement of the immediate problem of Berlin.

A Russian diplomatic informant close to the Soviet embassy complained the western powers went into the Kremlin "and offered exactly nothing."

**Still No Official Reports**

The blackout on official news from the Moscow meetings still prevailed, but it was apparent the British foreign office felt the world would know the outcome by the end of the week.

The western diplomats conferred in Moscow after last night's meeting with Soviet foreign minister V. M. Molotov. Moscow dispatches said indications were that negotiations might continue into next week.

British sources said there will be further meetings at the Kremlin, with the next one seeking to bridge the gap between eastern and western plans for restoring order in Berlin's chaotic currency situation and lifting the Soviet blockade of the city.

**Want Unified Currency**

These informants said Molotov told the western diplomats last night acceptance of a unified currency plan would be followed by speedy restoration of traffic communications to the western zones.

Rumors spread in Berlin that resumption of traffic would be permitted soon, but W. T. Babcock, the deputy American commander in Berlin, said investigation showed they were without foundation.

The British informants said the western diplomats told Molotov in the Friday conference that they were willing to accept the eastern mark as Berlin's currency, provided they shared in its control and Russia restored traffic links with the west.

Molotov was said to have objected to this.

The Soviet diplomatic informant in London gave what might have been Molotov's own argument.

The source said if the western powers shared in controlling the east mark in Berlin they would in effect be participating in control of currency circulating throughout the Soviet zone without making a similar concession in the western zones.

**Surplus American Machinery Sent To Europe**

Paris, Aug. 10.—(P)—A billion dollars worth of surplus American machinery soon will be on its way to Europe for one-tenth its cost.

Charles S. Dewey, who calls himself "watchdog of the watchdog committee" on the European recovery plan, said surplus machinery now being held by the American government corresponds in type to machinery that is lacking in Europe.

Dewey, whose official title is general agent of the joint congressional committee on foreign economic cooperation, told a news conference the machinery would probably be sold to European countries at the rate of 10 cents on the dollar.

Dewey is a former Republican congressman from Chicago and assistant secretary of the treasury under President Coolidge.

**Mental Specialists Open Convention**

London, Aug. 10.—(P)—The world mental specialists gathered here tonight to have their say on how to treat sick nations and end war.

They will speak out at an 11-day international congress on mental health opening tomorrow in Central Hall opposite Westminster Abbey.

"We shall try to get away from individual cases and think instead of groups and communities and nations who are sick," said Dr. J. R. Rees of London, president of the congress. "We shall have something to say about children, so they are not like us and go to war every 25 years."

**WEATHER**

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday announced the official temperatures for Tuesday as follows: high, 88; low, 63; and at 7 p. m., 81.

**Forecast for Illinois**—Partly cloudy with little change in temperature Wednesday except for a few scattered showers extreme south early Wednesday.

## AIR MAIL SPEED SUFFERS WHILE PO REVERSES HELICOPTER PLAN

The post office department is getting cold feet about using helicopters in big cities, to carry mail between airports and post offices. The experiment has worked successfully for nearly a year in Los Angeles. Now the department wants to hold up in Chicago and asks for indefinite delay in New York.

Unless there are better grounds than have been stated, this is unfair to the millions who use air mail at premium rates. It betrays lamentable unawareness of the popular temper.

The great trouble with aviation generally—aside from uncertainties arising from weather, which science is reducing—is the problem of ground time. One can fly from New York to Chicago in about the time it takes to get from the airports to the city proper. A letter from a Chicago suburb to a Los Angeles suburb takes 39 hours. Of that, only seven hours is used from airport to airport, but 32 hours are needed getting the envelope to the airport in Chicago and from it at the other end.

A year ago the department was highly enthusiastic about reducing this time lag by use of helicopters. John J. Gillen, acting second assistant postmaster-general, said, when the Los Angeles service was opened, that it would save from four to 19 hours in ground time on first-class mail.

There is no suggestion that it has not made good. But the department now is talking about cost. A spokesman before the CAB says "copter service costs \$1271 a day, but trucks would do the job for \$134.24 a day."

It is pleasing to have any government department worry about \$1136.76 a day. We'd like to see more such economizing. But persons who need to economize can send a post card for one cent. Those whose messages are too long or confidential can send a train mail letter for three cents. When one squanders a whole nickel, he does so because he wants his letter to move fast. Maybe, because time is money, he even adds a 13-cent special delivery stamp, not so much for actual special delivery as to assure that his letter makes the first mail pouch on every leg of the journey.

Those who pay extra for air mail speed are entitled to speed. Before the helicopter, it was just their hard luck that much of the gain made in the air was lost on the ground on either end. Now that evil is unnecessary.

To be sure, the copter costs more than the truck. But it costs less than it did a year ago when the post office department was enthusiastic about it. In Los Angeles the cost of carrying a letter a mile has dropped from more than half a cent to less than a third of a cent.

Added cost is, in the words of Wayne Parrish, editor of American Aviation, "hardly a new thought. The horse and wagon do the job much cheaper than trucks. But time is the costliest of all."

## Former Sheriff Chappell Dies At Jerseyville

Jerseyville—Albert Ross Chappell, prominent resident of this vicinity, died at his residence, 206 South Arch street, Monday at 11:15 a. m.

The deceased was the son of the late Richard and Minerva Jane Swan Chappell and was born in Jersey county, March 11, 1867. At the time of his death, he was 81 years, 4 months and 29 days of age.

Funeral services will be held Wednesday afternoon, August 11th from

the Presbyterian church in this city at two o'clock.

The interment will be in the Oak Grove cemetery.

The deceased is survived by his widow Mrs. Maude Yocom Chappell, and one son Albert Ross Chappell, Jr. He is also survived by one sister, Mrs. Ella Eudora Noble of Alton and one granddaughter.

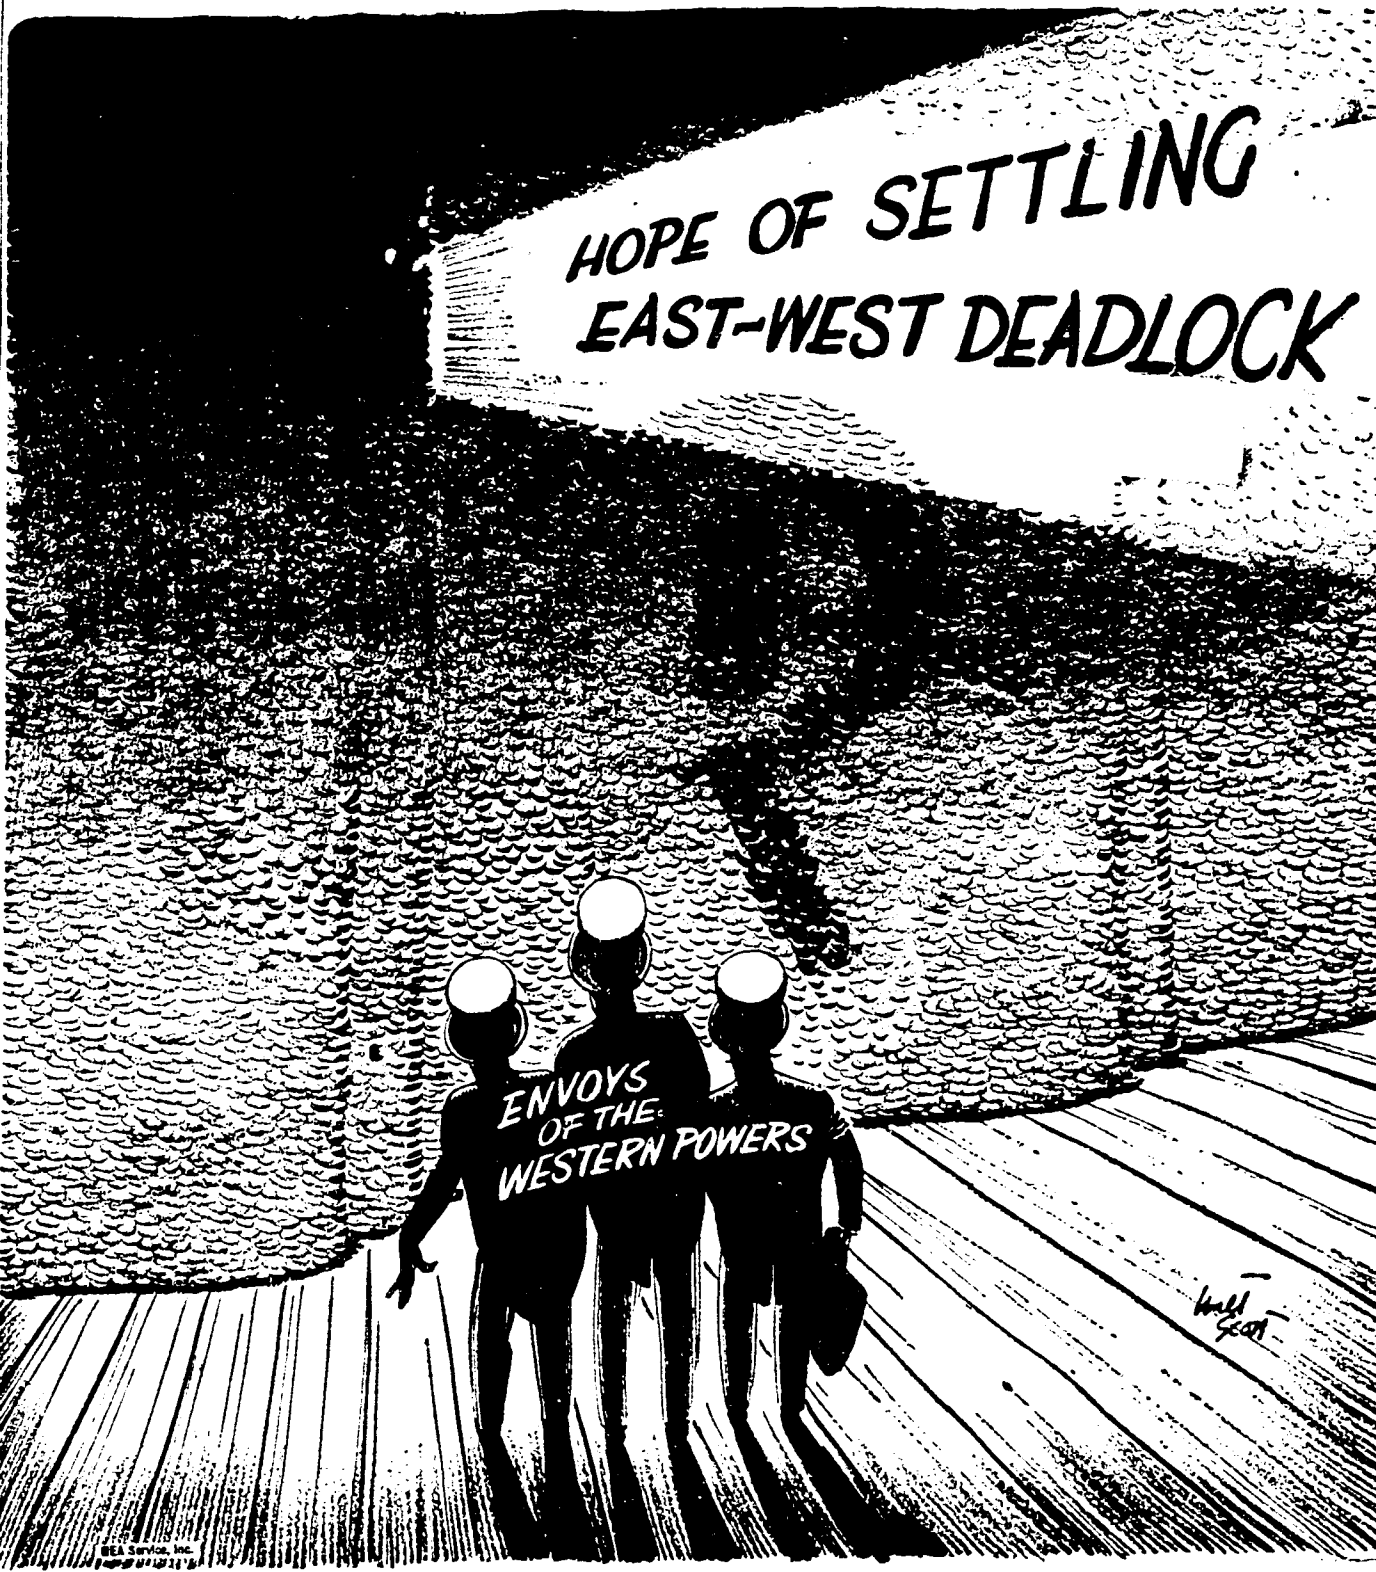

For many years Mr. Chappell was manager of the grain company's elevator at Kane, Ill., and retired several years ago when his health began to fail.

He was elected sheriff of Jersey county and also filled the office of Deputy sheriff during the tenure of office of a brother, the late Edwin E. Chappell.

### DEATH KNOT FOR SNAKE

Sydney, Australia.—(P)—A dead brown snake found at Benjerop, near Swan Hill (Victoria), had apparently been strangled by its own coils. W. Davey of Benjerop found the head and about a foot of the snake's body protruding from its hole. He dug out the body and found the snake tied in a tight knot just below the ground. The snake apparently had tucked its head through its coils when it began to move out of its hole and the harder it had struggled, the tighter it had pulled the death knot.

## A Glean Of Light From Behind The Iron Curtain

## Agriculture Dept. Turns to Grass '48 Yearbook Covers Greensward From Golf to Goats

By DOUGLAS LARSEN  
NEA Staff Correspondent

Washington — (NEA) — The American farmer's bible is off the press.

This year the title of it is "Grass." It's the 1948 Yearbook of Agriculture put out by the U.S. Dept. of Agriculture, which each year is probably one of the most widely read books in America.

It's the cornerstone of most rural congressmen's campaigns. Each senator is entitled to 550 copies to 750,000 acres of land and that 2,500 give away and each member of the 80 House gets 400 copies for the same purpose.

A Yearbook given to the right farmer is generally considered to be worth from 10 to 100 votes. Congressmen from city districts drive hard bargains for their quota of Yearbooks with the rural members, who have most need for them. This year the bargaining will be even tougher because "Grass" has important chapters on golf and lawns which should make it in heavy demand among city folk, too.

There are more than 260,000 copies of "Grass" in the first printing. Of that number, 240,850 go to the law-makers, 10,000 are kept by the Dept. of Agriculture and 10,000 copies are being offered for sale at \$2 each to those farmers who voted for the wrong man at the last election. The total cost of the book to the taxpayer is \$240,000, less the profit on cash sales.

In his preface to "Grass" Editor Alfred Stefferud says: "Regardless of its importance, grass has been comparatively neglected. There are 12... In the ensuing 892 pages of the book Stefferud and his helpers do a most thorough job of rectifying that neglect of the subject."

The book starts on a pretty high up with Marvin H. Gerson's literary level. The first chapter is a write-up by former Sen. John James Ingalls of Kansas. It reads in part: "The primary form of food is there are no pointers on proper grass. Grass feeds the ox: the ox adjusting the man behind the nourishes man: man dies and goes mower."

to grass again; and so the tide of life, with everlasting repetition, continuous circles, moves endless, on and upward, and in more sense, than one all flesh is grass."

As the book goes on it gets more down-to-earth. In the section called "Grass For Happier Living" Fred Grau, from whom we will hear more later, and O. J. Noer collaborate on a piece called "Golf is Played On Grass." They point out that in the congressmen's campaigns. Each U.S. about 6,000 golf courses occur senator is entitled to 550 copies to 750,000 acres of land and that 2,500 give away and each member of the 80 House gets 400 copies for the same purpose.

To avoid belaboring the obvious, let it suffice to say that all their items depend on grass. Although the typical American duffer would probably word it a little differently, writers Grau and Noer explain just how the game injures the grass.

"Further and greater damage is caused by the club head as it makes contact with the teed-up ball. The small clumps of sod, called divots removed by the club head leave scars in the turf."

As far as technical information or all phases of the general subject of Agriculture and 10,000 copies are grass which would be of interest to the farmer, the book is most commo to those farmers who voted for the wrong man at the last election. The total cost of the book to the taxpayer is \$240,000, less the profit on cash sales.

"Sheeps, Goats, and Grasslands." "Fertilizers for Grass in Rotations." "Manure and Grass in Farming." "Grass and Legume Seed Production." There are 12... In the ensuing 892 pages of the book Stefferud and his helpers do a most thorough job of rectifying that neglect of the subject."

The book starts on a pretty high up with Marvin H. Gerson's literary level. The first chapter is a write-up by former Sen. John James Ingalls of Kansas. It reads in part: "The primary form of food is there are no pointers on proper grass. Grass feeds the ox: the ox adjusting the man behind the nourishes man: man dies and goes mower."

### SAYS GREELEY NEVER SAID IT

Georgetown, Colo.—(P)—A Western historian says Horace Greeley never said it. "Go west, young man, go west," that is Benjamin Draper of Georgetown insists the phrase first was uttered by John Babson Lane Soule, a Terre Haute, Ind., newspaper editor, in 1851. And Soule wasn't referring at all to the mountain west, Draper said, but rather to the Mississippi valley, then being settled.

### LENINGRAD PUSHES REBUILDING

Moscow.—(P)—Leningrad will have completely reconstructed war-damaged and destroyed housing by the end of this year, says Tass, the Soviet news agency.  
P. G. Lazutin, chairman of the City Soviet, says that during the war Leningrad as a result of enemy action lost enough housing for from 300,000 to 450,000 people according to accepted norms of housing occupancy in Europe.

### RUNNER-UP RECOGNIZED

The members of the Exchange club banded together to purchase a suitable trophy for Charles Reid, Soapbox Derby enthusiast, who placed second in both the 1947 and 1948 contests. Shown in the photo is Reid and Dr. Perry A. Roberts, club president, who made the award in behalf of the Exchangeites at the Monday night meeting.

Reid has his eye set on the trip to Akron, come 1949. He is the son of Mr. and Mrs. Letsom Reid, 136 Richards street.

## Progressives Hope To Have Taylor Speak At Fair

Chicago, Aug. 10—(P)—The Progressive party's "day" at the Illinois State Fair will be Aug. 14 with the party's vice presidential nominee, Senator Glen Taylor of Idaho, tentatively scheduled as the principal speaker.

William Miller, state director of the party said yesterday the Progressives hoped to match the Republicans and Democrats in speaking plans by having their candidate for the vice presidency make the principal address.

When the Democrats observe their "day" at the fair Aug. 18 they will have their vice presidential candidate, Senator Alben Barkley of Kentucky as the main speaker.

The Republicans will take over on Aug. 19, also with their vice presidential candidate, Gov. Earl Warren of California, in the role of principal speaker.

## Waverly Legion Begins Work On Large Building

Waverly—The American Legion Memorial building is now under construction. The building is to be a steel Quonset type building, 100 feet long by 40 feet wide. The front will face the park and be made of clay and glass brick. The building will set 25 feet back from the sidewalk, thus making a lawn possible.

The interior will be finished with an 8-inch wood baseboard, on which will set one-half inch plywood, 4 feet wide, and above that, to a 12-foot ceiling, will run Celotex plank.

The main meeting room will be 84 feet long by 40 feet wide. At the south end of the building there will be a fully equipped kitchen, 16x20 feet in dimension, a clubroom and rest rooms. The building will be ventilated with a 36-inch exhaust fan, capable of changing the air every few minutes. Hot air heat will be used.

The Memorial Building is being built for the service of the community, and will be available for community use within reasonable limitations.

## Housewives' Rebellion Against HCL Snowballs

"Meat's too high, pay's too low, and these three buck steaks have got to go"—that's the marching song of the San Antonio, Tex., men who've joined the housewives' rebellion against high prices. It all started in Dallas, where Mrs. R. D. Vaughn, 71, got mad and began organizing a consumers' strike against the cost of meat. Now it's spread from coast-to-coast. The other cities in Texas were the first to join up. In addition to these complaints against the cost of meat, Cleveland, O., housewives began protesting a rise in the price of milk.

## "Friend To Man" Has Strenuous Schedule

By ROBERT E. BRADNEY  
"Drop a nickel on the drum and save your soul."

So went the words in the ditty associated with the work of the Salvation Army, and its band of followers who used to play their songs and sing their hymns on the square on Saturday nights.

Both Jacksonville and the Salvation Army have seen a lot of history pass through Morgan county and the world since those days.

MAJOR HENRI SERVAIS

Major Henri Servais is Commander of the local Salvation Army. Servais, with his goatee and his dog, Pierre, has become known to the citizenry here through his many club activities, his radio program, and his friendly counseling.

Henri Servais is the second commander of the local unit to hold the rank of Major since the inception of this post in February of 1889. In the sixty years of service to Jacksonville the Salvation Army had had 97 different commanding officers, and the tenure of each has varied from 30 days to four years.

Servais has been married 31 years. His four children are all away from home now. Three of them are married and the youngest, still single, is 24.

267 Addresses in Year  
There are but few weeks which pass that the reader of local papers doesn't pick up the morning edition and see that Major Servais spoke to the "Get Together" club on any one of a hundred topics. It will come as a shock to no one to learn that in 1947 Major Servais talked to 267 clubs and church groups.

Servais said that the most amusing incident which happened to him in his speaking career was when a lady called about a speaker and said that "we were expecting a very good speaker from out of town, but he had to cancel the date. We called five different local men to fill the appointment and none could take it, so one of our group thought of you, seeing that we could get no one else."

Major Servais, convinced that the barrel had been scraped dry, accept-

### "Food or Fingerprints"

The Army gets its share of the professional bums—that is, the wandering transients of the country who know where the free meals are.

Whenever Servais sees "the boys" returning he tells them that he'll feed them after he fingerprints them. He steps out a minute and returns to find about half of them gone. "The safe way out," the Major explains.

The officer owns his own car and no allowance is made by the Army for the purchase of an automobile. Sometimes he is embarrassed by people, such as the lady who asked him:

"Not that it's any of my business, Major, but how can you afford to have a new car and own such a big dog?"

"Well, you've answered your own question," said the Major.

"How's that?"

"It's none of your business."

Parental Faith

Major Servais stated that the most difficult phase of his work is to face parents who are innocent victims of errand children. "There is something heart-rendering to see a parent admit that his child is wrong, yet to stick with him regardless of the consequences."

The Major stated he got interested in Salvation Army work because he wanted to help those who were friendless and who didn't have a chance. He says that he knew well that feeling once, and he has never forgotten it.

"My philosophy of life can best be summed up in the words of Sam Walter Foss," Major Servais said: "Let me live in my house by the side of the road and be a friend to man."

## Large Crowd at Patterson Picnic

Patterson—The annual picnic held for the benefit of Pine Tree Cemetery association attracted a large crowd Thursday from many communities who partook of the bountiful chicken and fish dinners which were served under a large canvas. Good weather prevailed throughout the day. Entertainment was provided by the bingo stand, rides for the children and various musical numbers and readings.

Mrs. John Prindle, employed at the Alton State hospital, suffered an injury early Wednesday morning in going from her sleeping quarters to her place of work she fell and broke two bones in her foot. She is confined to the hospital but is expected to be able to come to her home here in a few days while convalescing.

The Rev. Webster Rigg of Pasadena, Calif., who is visiting Illinois relatives, will deliver the evening service at the Patterson Baptist church on Aug. 15. The public is invited to attend.

## Hold Missionary Meeting At Church

Mrs. Mayme Merritt, president, led the devotional period of the missionary meeting held at the Church of The Nazarene, corner of South Main and Franklin streets. A scripture reading from Matthew and a blackboard illustration of some of the symbols referring to "The Christ" and of The Kingdom of God were given.

The lesson was given by Mrs. Kinner. Roll call was answered with the name of a missionary to foreign fields. The September meeting will be the first of the new church year. All meetings are held on the first Friday of each month.

It is planned to have a sewing day each month during the fall and winter to supply box work and make hospital dressings. Mrs. George Thies, president-elect, will supervise the meetings during the coming year.

Stibnite, Idaho, is named after an antimony ore.

A short trip to Nauvoo which once was the largest city in Illinois when the population of Chicago numbered less than 5,000 is suggested for motorists by the Touring Bureau of the Chicago Motor club.

It was here that Joseph Smith founded the Church of Jesus Christ of Latter Day Saints, commonly known as the Mormons, in 1830 following their expulsion from Missouri. The city grew rapidly and reached its peak in 1845 when the population rose to more than 20,000 inhabitants.

The Saints eventually migrated to Utah under the command of Brigham Young in 1846 after Joseph Smith and his brother, Hiram, were killed by a mob while incarcerated in the old jail at Carthage on a charge of treason.

The first home of Joseph Smith is still standing and is the oldest structure in Nauvoo. It consists of the original log cabin with two additions and furnished with many pieces that belonged to his family. The Mansion House he built between 1842-43 is now a museum containing many documents relating to the Mormon religion.

A small group of French communists, the Icarians, migrated from Texas to Nauvoo in 1849. Their communistic form of government failed in 1856 when a majority of the followers sold their property and joined forces with a branch colony. The Icarians planted many of the vineyards from which Nauvoo derives much of its income. Thousands of gallons of wine and grape juice are pressed annually.

## WHITE HALL

White Hall—The annual Shackelford reunion will be held Sunday, August 8, at the Fry Park in Carrollton.

Kenneth Henneberg was dismissed Wednesday from the Palmer Sanatorium in Springfield to his home east of White Hall.

Mrs. Albert Bateman was hostess Wednesday at her home to a meeting of the Helping Aid club. Nine members and two guests were present.

Miss Carolyn Grizzle is spending this week with her grandparents, Mr. and Mrs. Harry Rose of near Walkerville.

Mrs. Leslie Collins and family left Monday to their home in El Campo, Texas, after visiting relatives here. They were accompanied by Mrs. Nellie North who will visit her son, Arthur North, and wife in Houston.

Patricia Perdun spent the past week with her grandparents, Mr. and Mrs. Edward Nash. Her sister, Frances Perdun, visited with her uncle and aunt, Mr. and Mrs. Norman Jones, of this city.

Miss Doris Jouett, daughter of Mr. and Mrs. Otis Jouett of this city, has accepted a position in St. Louis.

Miss Wanetta Callender was guest of honor at a miscellaneous shower given by Mrs. Lee De Shasier, with Mrs. Henrietta Farley and Mrs. Phyllis Branson as assistant hostesses. Miss Callender will become the bride of Edward DeShasier on Sunday, August 22.

## ARENZVILLE

Arenzville—The Rev. and Mrs. Arnold Knitschuk and daughter Janet Lee, Mrs. Bertha Hammer of Campbell Hill, and Mrs. Heintz Hoffer and children of St. Louis visited here with Mr. and Mrs. Joe Peck and family. The Peck family accompanied the group to Bloomington where they attended the Treager family reunion.

Miss Georgia Ann Quigg of Virginia is spending a few days here at the home of Mr. and Mrs. Ralph Clark and family.

Mr. and Mrs. William Ferneyhough of Lynville recently spent the day here.

Vera Lovekamp is visiting here with Dorothy Thomas.

## Ladies' Aid Holds Regular Meeting

Arenzville.—The Trinity Lutheran Ladies' Aid members met in the church basement for their regular monthly meeting. The meeting opened with a hymn followed by the topic study, the Rev. W. V. Nuen-dorf officiating. Reports were given that eight sick calls had been made during July.

Business included the appointment of Mrs. E. E. Diver and Mrs. A. H. Kleinschmidt as the sick-visiting committee for the next three months. A committee was also chosen for the farewell reception honoring Mr. and Mrs. Moldenhauer. They will soon move to St. Louis.

Two packages of clothing and food have again been sent orphan adopting societies overseas. The meeting closed with the Lutheran Ladies' Aid reciting the Lord's Prayer.

After the formal meeting, the ladies worked on quilts. Refreshments were served by Mrs. John Schroeder Sr., Mrs. Albert Wessler and Mrs. Albert Winkelman. Guests at the meeting were Mrs. Henry Gaertner and daughter Reta of Wichita, Kas., and Miss Pauline Winkelman.

Marian L. Shunk,  
Vertis G. Abbott  
Wed At Freeport

Chandlerville—Miss Marian L. Shunk, daughter of Mr. and Mrs. Kenneth Shunk of Freeport, became the bride of Vertis G. Abbott, son of Mr. and Mrs. Arthur Abbott of Chandlerville, in a lovely wedding ceremony, performed by the bridegroom's brother-in-law, the Rev. William Cutlip of Streator.

The wedding took place at the Second Presbyterian church in Freeport on July 23. For the wedding occasion the altar of the church was adorned with yellow lilies and glowing tapers.

Preceding the service, the candles were lighted by Miss Margaret Vogt. A prelude of organ music was presented by Miss Velma Wachlin. Assisting the Rev. Mr. Cutlip was the Rev. Anthony P. Landgraf, pastor of the church.

Miss Elfreide Kayser of Oak Park served as maid of honor. The best man was Paul Abbott, brother of the bridegroom.

Given in marriage by her father, the bride was attired in a gown of white marquisette over tulle. Her veil was shoulder length and she carried a muff of yellow rosebuds. Turquoise taffeta fashioned the gown worn by the made of honor. She carried a bouquet of white roses and wore a garland of roses in her hair.

Thirty guests were received at the reception which followed. After the reception, the couple left on their wedding trip. Upon returning they will be at home on the bridegroom's farm near Chandlerville.

Mrs. Abbott was graduated from Illinois College at Jacksonville and has taught English at the Chandler-High school for the past year. The groom was graduated from the local high school and is engaged in farming.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 10.—(P)—Hogs generally were steady to 25 cents lower today. The top price dropped 25 cents to \$29.75 per hundred pounds. Sows were active and fully steady to strong. Good and choice sows under 300 pounds brought \$76.50 to \$77.50.

Cood and choice grain-fed steers and heifers were strong to 25 cents up. Choice to prime 1,330-pound steers topped at \$41.25. Beef cows were dragsy and weak. Canners and cutters were steady, bulls were 50 cents up, and vealers were steady.

Spring lambs were steady to 50 cents lower. Good and choice natives topped at \$28 sparingly, but the popular price was \$27.50. Slaughter ewes were steady at \$12.25 down.

Salable receipts were 7,500 hogs, 6,500 cattle, 500 calves and 1,500 sheep. Direct shipments included 2,000 hogs and 1,000 sheep.

## New York Stock Market

New York, Aug. 10.—(P)—Mild selling pressure kept the stock market on the defensive today.

The market started off on a lower plateau, tried a feeble comeback with only fair luck and then pointed downward again. Price changes were mostly fractional.

Activity tended to pick up when demand revived but soon dropped back to the comparatively low levels of recent sessions. Turnover for the day was at the rate of about 800,000 shares.

In the minus column most of the time were U. S. Steel, Youngstown Sheet, Firestone Tire, International Harvester, American Telephone, Westinghouse Electric, Nickel Plate and Illinois Central.

Steadier spots included Sears Roebuck, Douglas Aircraft and National Distillers.

Cotton continued to decline following yesterday's break, which reflected a larger than expected government prediction of the size of the new cotton crop.

U. S. Government bonds eligible for bank purchase declined all along the line in the wake of the treasury's hike in the rate on one-year certificates. Declines ranged to 8 3/4 of a point in the over-the-counter market for long-term issues.

## WHEAT PRICES UP AT CLOSE OF MARKET

Chicago, Aug. 10.—(P)—A good rally toward the end of today's good trade session brought wheat prices up around yesterday's close, and wiped out some of the losses in feed grains. Shortly before the closing bell some profit cashing developed.

At the start of the session all grains carried an easy tone. Corn weakened under liquidation, which spread to other crops.

Some mill buying of wheat against sales of flour to the government, steadied wheat, and later short covering in corn, combined with commercial buying to develop a rally.

During most of the session traders were busy evening up for the government crop report, to be released after the close of the session. Brokers anticipated the estimate will place corn production around 3,500,000 bushels.

Receipts were: wheat 146 cars, corn 84, oats 62 and soybeans 4.

At the close wheat was 2 1/2 higher to 1 1/2 lower than yesterday's close. September \$2.21 1/2; corn was 1/2 to 2 cents lower, September \$1.60-1.59; oats were 1/2 to 2 cents lower, December \$1.67, and soybeans were 1/2 to 1 cent higher, November \$5.63.

Those sun glasses Ruth Evanoff, of Toledo, O., is wearing are not plain old sun glasses. As you can see by looking closely, they have mirror lenses, and the cameraman who took the picture gets his picture taken, too.

## American Team Declared Victors In Disputed Race

London, Aug. 10.—(P)—America's spring relay team—little Barney Ewell—won complete vindication today when an Olympic jury of appeal decided unanimously that they won Saturday's 400-meter final fair and square.

After viewing still and motion pictures of the disputed race, the international body said it was "satisfied" that an error had been made in calling a foul on Ewell, the first American runner.

It ordered that the American team be credited with the victory, with Britain second and Italy third.

In sustaining a vigorous protest lodged by coach Dean Cromwell immediately after the race was run before 84,000 spectators, the jury found that Ewell had passed the baton to Lorenzo Wright, second American runner, well within the 20-meter change-over zone.

Ewell, 30-year-old veteran from Lancaster, Pa., has been denying bitterly for three days that he delayed too long in passing the stick. The little Negro was heart sick at not getting the Olympic gold medal he had trained for 10 years to win. He will get it now.

The American team, with Harrison Dillard running a sensational third lap and Mel Patton finishing strongly, hit the tape seven or eight yards ahead of the British.

The New England area was described as "still a bit cool." A warning trend that will carry midwestern temperatures to seasonal levels in contrast with last week's subnormal readings has set in.

The Gulf coast was reported as warm and humid, while the Pacific coast was "seasonal and dry."

## Explosion Throws Parts Of Car 25 Feet In Air

South Bend, Ind., Aug. 10.—(P)—An explosion early today ripped apart an automobile and shattered windows over four square blocks in northwest South Bend. No one was hurt.

Ray Wolfert, owner of the new car, said it contained a cylinder of gas he used for soldering plumbing fixtures.

Police speculated that gas leaked from the cylinder and was set off by sparks from an electric dash clock.

Part of the car was thrown high into the air and was left suspended from utility wires 25 feet above the ground. The blast set fire to Wolfert's nearby garage but the blaze was extinguished in a short time.

## Most Of Nation Has Fair Weather

Chicago, Aug. 10.—(P)—Ninety-five per cent of the nation had fair, pleasant weather today.

U. S. forecasters reported a belt of scattered thundershowers extending from Minnesota and northwest Wisconsin southeast to northern Kansas. Elsewhere skies were sunny.

The New England area was described as "still a bit cool." A warning trend that will carry midwestern temperatures to seasonal levels in contrast with last week's subnormal readings has set in.

The Gulf coast was reported as warm and humid, while the Pacific coast was "seasonal and dry."

**Still No Cure For Hiccups Woman Has For 170 Days**  
Waynesburg, Pa., Aug. 10.—(P)—Physicians at Green county hospital continued their efforts today to find a cure for the hiccups that have worn Pauline Lucas down from 129 pounds to 78 in the last 170 days.

Miss Lucas, 31-year-old clerk, started hiccuping Feb. 23. Part of the time she hiccups 75 times a minute with the rate slowing down occasionally to 10 or 15.

Doctors have tried medicals and anaesthetics while the dark-haired victim has herself attempted most of the old home cures—holding her breath, a knife placed under a glass, a sudden fright, but the hiccupping continued.

Her physician, Dr. A. J. Blair, said Miss Lucas' greatest relief came through the use of anaesthesia.

**Beach Resort For Negroes May Be Built In Florida**  
Fort Lauderdale, Fla., Aug. 10.—(P)—Dr. Von D. Mizell, negro physician here, said today a negro beach resort is being considered for an area immediately south of Port Everglades inlet, near Hollywood, Fla.

Backing the project, he said, are retiring heavyweight champion Joe Louis; band leader Cab Calloway, singer Lena Horne, and dancer Bill Robinson.

Dr. Mizell said the plan hinges on the construction of a bridge to make the property accessible. An appeal to the state road department to extend U. S. highway No. 1-A to the property is to be made, the physician reported.

**BABE RUTH 'FAIR'**  
New York, Aug. 20.—(P)—Babe Ruth was reported in "fair" condition today at Memorial Hospital, where he has been under treatment intermittently for a year and a half for a throat ailment.

## Macomb Dodgers Face Myers Bros. In Opener Of Three Game Series

As the Macomb Dodgers and Myers Bros. of Jacksonville stood ready to take the field at Nichols Park tonight for the first game in their two-out-of-three game sectional playoff, the northern district winner took the role of a distinct odds-on favorite to win the series and advance into the Amateur Softball Association's state tournament at Springfield later this month.

Loser only three times this season—and each of those times in extra innings—the Dodgers pack a potent punch which is familiar to Jacksonville fans. Eddie Solomon and B. A. Bowman, masterminds of the Macomb team, have assembled the finest softball club of their career this season and have definite state tourney ambitions.

**Not Light Threat**  
On the other hand, Myers Bros. got off to a slow, rather unimpressive start, only to blossom forth in full glory at district tournament time. Although loser to a lowly House of Clay nine in a city loop tilt Monday, the Jacksonville team still cannot be taken as a light threat in the approaching play-off.

Main reason for the jump of support to Macomb appears to lie in the rumor that Vasil Eftimoff, stand-out hill worker for Myers Bros. this season, will not be available for the series. Eftimoff, a student at Illinois college, has been called home by the illness of his father and may not be able to make the jaunt to Jacksonville for the games.

**Strong Infield, Outfield**  
Myers Bros. boasts plenty of talent in other positions, however. Paul Stroud has been playing outstanding ball at shortstop, where he was shifted from third base just before the district. "Potsy" Clark has come

**Lions Regain Lead In Civic League; Exchange Advances**  
The Jacksonville Lions jumped back into the lead of the Jacksonville Recreation club's civic softball league at Nichols Park last night, breaking a tie with Exchange by beating Rotary 15-5 while the Exchanges were taking a 13-5 setback at the hand of Kiwanis.

The Kiwanis win moved them out of a tie for the cellar position and into a deadlock with Exchange for second place.

Kiwanis unleashed a 13-hit attack and took advantage of eight errors by the Exchange club. Meanwhile, Conrad hurled eight-hit ball for the winners and was given better support.

**Panama Assured Of Protection By Costa Rica**  
Panama, Panama, Aug. 10.—(P)—Panama's president says he has been assured the Costa Rican government will bar any activity aimed at upsetting Panama's government.

He said he received that assurance last night from Jose Figueres, head of the Junta now governing Costa Rica. Reports yesterday from high government sources here said former President Arnulfo Arias Madrid was in Costa Rica organizing an armed invasion of Panama.

In San Jose, Arias denied these reports. He fled Panama last week after being declared the loser in the May presidential elections.

**Offer Reward For Slayer Of Couple**  
Oregon, Ill., Aug. 10.—(P)—The Ogle county board of supervisors today posted \$2,000 reward for the apprehension, arrest and conviction of person or persons responsible for the slaying of a couple near Oregon.

The body of Stanley Skridla, 28, a Rockford telephone lineman, was found pierced by bullets in a lonely road known as "Lovers Lane" June 25. His companion, attractive Mary Jane Reed, 18 year old Dixon telephone operator, was found shot in the head June 29 in a sand pit outside Oregon.

The rewards now total \$2,500 in the case. Previously the Dixon Telegraph had posted \$500 reward.

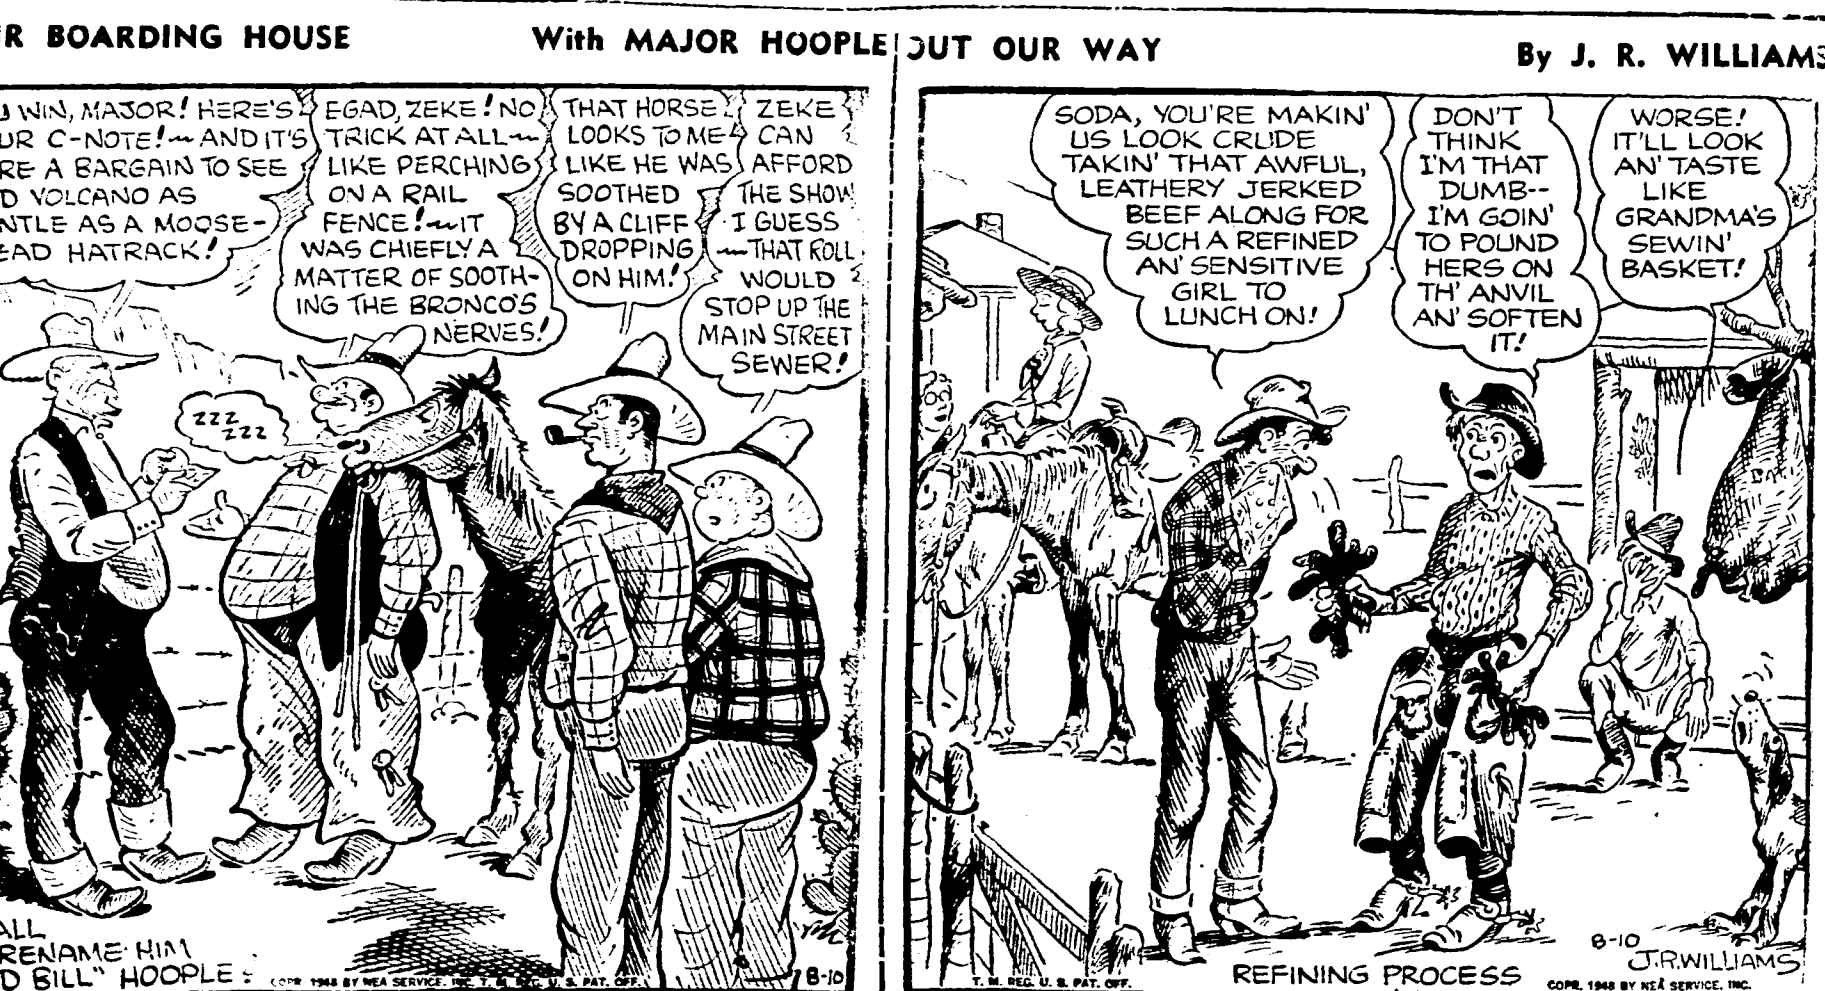

**PHILADELPHIA'S A'S RECEIVE APPLICATIONS FOR SERIES TICKETS**  
Philadelphia, Aug. 10.—(P)—Applications for world series tickets are pouring in on the Philadelphia Athletics. But they're all going home together with all checks mailed to the business manager Roy Mack said today more than 1,000 applications already have been received.

Mack said it was "good to know that so many people have so much confidence in our club" but added it was premature to consider world series reservations.

THE nurse could not suspect that he was a police officer. He identified himself simply as Mr. Talent. Mr. Sterling, he explained, had asked for him.

"He's really too low to talk to anyone, but it can't greatly matter," the nurse said.

Talent sat at the bedside, close. He doubted that he would have known the emaciated yellowish face on the white pillow. Sterling's eyes stared at him . . . made an effort to grin. "Fine of you to come, Lieutenant," he said.

"Take it easy, Sterling, and if there's something you think you ought to tell me, let me have it in your own way."

Sterling struggled for breath. "Yes, there is," he said. "That burglary, Lieutenant, that was a fake. I faked it all of it. I was in a bad spot for money. I needed my wife's necklace to tide me over. So I took it, and made it look like a burglary."

A series of coughs shook Sterling. For a moment he turned his face away. When he turned back Talent said, "And you left those lights in the library and the front door unlocked?"

Sterling needed a moment to grasp that. Then his lips moved slowly. "No, I didn't leave those lights. I may have left the door unlocked, unintentionally. But not the lights."

Talent decided to risk a question. "Don't you want to tell me, Sterling, about what happened in your wife's room? Was it an accident? You didn't mean to hit her so hard, did you?"

"Hit her? I didn't hit her, Lieutenant. She was asleep. I drugged her drink. She was still asleep when I tiptoed out of her room with the necklace."

"You didn't hit your wife with that candlestick?"

"Listen, boy," he said pleadingly. "Tell me if you can. Have you any idea who did kill your wife? I believe you, boy. I believe you didn't kill her. Do you know who did?"

Talent waited without moving. Sterling was mumbling thickly. Talent leaned half across the bed. He caught barely coherent phrases: " . . . last thing she said . . . just before she drove away . . . last thing . . . she couldn't have, no, she couldn't have, she didn't do that . . . but did she . . . last thing . . . have it out with Miriam . . . have it out . . . cards on the table . . . last words . . . drove away . . . last words . . . have it out . . . but that way . . . did she mean that way . . ."

Sterling became silent . . . lay limply in a stupor.

## Fix Tuition Rates For City School Enrollees From Outside District

Tuition rates for the school year 1948-1949 for pupils outside the district who wish to attend the Jacksonville public schools were fixed by the Board of Education at its regular meeting Tuesday evening.

Tuition for attending elementary schools was set at \$200 and for the junior high school at \$225 per year. The fee for enrollment at the high school will be at actual cost, as usual, the Board said.

## Deny Jobless Pay For Refusing To Take Suitable Job

For refusal to accept the offer of a suitable job, a claimant will be denied benefits under the Illinois Unemployment Compensation law for a period of from four to eight weeks, Deputy Tattersall, in charge of the Jacksonville unemployment compensation office advised workers in this area today.

"To understand how the suitable work clause operates," Deputy Tattersall explained, "workers should understand the purpose of the unemployment compensation program. Benefits are not paid on the basis of a dole, nor are they based on need. Unemployment compensation is insurance for the worker who loses a job, who is able and willing to work, but cannot find a job. If he is eligible for benefits and no suitable job can be found, he will receive unemployment compensation."

In determining the suitability of a job," Mr. Tattersall pointed out, "the law sets forth very definite standards. Consideration must be given to the degree of risk involved to a worker's health, safety and morals, as well as to his physical fitness and degree of training, to his prior earnings, to the duration of his unemployment and his prospects of securing suitable local work in his customary occupation, and to the distance and travel facilities between the jobs and his home."

"Work is never considered suitable if the vacancy is due to a strike, lockout or labor dispute, or if the wages, hours or other conditions of the job offered are substantially less favorable to the worker than those prevailing for similar work in the locality. Nor would the job be considered suitable," the Deputy continued, "if, as a condition of employment, the worker is required to resign from or refrain from joining any bona fide labor organization or if he were required to join a company union."

To be eligible for unemployment benefits, a claimant must be unemployed through no fault of his own, have earned at least \$225 at insured work during the base year, now 1947. He must be able and available to work full time in regular employment and be registered for work with the Illinois State Employment Service. In addition, he must show that he is seeking work by his own efforts.

## Scott County 4-H Clubs Hold Judging Contest

Winchester—Agriculture 4-H clubs of Scott county competed Monday, August 9, in the annual livestock judging contest. The contest was held on the Joe Worrell farm near Winchester and the Andrus Brothers farm near Manchester.

The following contest results were reported by Scott County Farm Adviser Robert Slayton: The highest scoring team was the group from the Liberty Hustlers led by Lee Fletcher with a total score of 992.6. Members of this team and their points from a possible 450 are: William Fletcher, 350.3, highest score in contest; Albert Weder, 341.9; and Frances O'Donnell, 300.4.

The team with the second high rating was the Blue Ribbon club led by Frank Chambers with the following individuals and their scores: Donald Schone, 341.9; Harry Brown, 325.3; and Harlan Schone, 317.0. Other high scores among the 33 contestants were Jim Rutherford from Bills Better Best club and Eileen Barnett from the Manchester Hustlers club with a score of 300.3; Donna Weder, Liberty Hustlers club, 292.0; Mary Schutz, Manchester Hustlers and William Smith, Liberty Hustlers with a score of 291.9; Barbara Weder, Liberty Hustlers, score 291.8.

**Attend Fish Fry**  
Those attending a fish fry at the home of Mr. and Mrs. Dana O'Donnell and family Monday evening were: Mr. and Mrs. Harry O'Donnell and daughter Pat of Elizabeth, N. J.; Miss Margaret Metzger, Topoka, Kans.; Mr. and Mrs. Wm. T. Watt and children, Murrayville, Mr. and Mrs. George Metzger, Mr. and Mrs. Frank O'Donnell, Mr. and Mrs. Jack Smith and daughter Marilyn and Mrs. Regina Cowick and children of Winchester.

**Marjorie German, Everett Lindsey Married Here**  
Miss Marjorie German, daughter of Mr. and Mrs. William German, 1156 South Main street, became the bride of Everett Lindsey, son of Mrs. Mabel Lindsey of Liberty, in a double ring ceremony performed at the home of the bride's parents on July 31.

Rev. H. H. Koppelman, pastor of Salem Lutheran church, officiated at the evening ceremony which was performed before a fireplace banked with mixed gladioli and roses.

Mr. and Mrs. Gerald Long, friends of the couple, acted as attendants. The bride wore a pink, two-piece street length dress with black accessories. Her corsage was of orchid gladioli blossoms and white roses. Mrs. Long wore an aqua dress with brown accessories. Her corsage was of yellow gladioli blossoms and white roses.

After a reception for close friends and relatives, the couple left for a wedding trip through the south.

**Convention Report Given At Meeting Of Secretaries**  
Isabel Irlam and Mrs. Eldon Ross were hostesses to members of the National Secretaries Association at a potluck supper held at the home of Mrs. Eldon Ross.

Following a short business session, a report on the third national convention held at the Billmore hotel in Los Angeles was given by Mrs. Martha Fitzgerald, local chapter president and delegate to the convention.

The door prize was won by Dorothy Crabtree.

Those present were Mrs. Eldon Ross, Mayna Preston, Isabel Irlam, Pauline Bird, Dorothy Crabtree, Helen Brown, Jean Maris Cooper and Martha Fitzgerald.

The next meeting will be held September 1 at the Dunlap hotel.

## Proper Driving Pays

Tuesday's Courteous Driver committee was about to give up. They had followed three motorists who had indicated they were eligible for the daily \$5 bill. All three prospects had soured: one nearly sideswiped another car in his haste to cop a vacant parking spot next to the park on the east side of the square; the second, probably a tourist, looked mighty good until he turned left as he entered the square from South Main street; the third all at once decided to make a left hand turn, without a signal of any kind.

**Find A Winner**  
But the committee finally spotted a man who didn't let them down. He drove about twelve blocks in a perfectly safe and courteous manner, negotiated four stop signs and made four turns with the proper hand signals.

Shown in the accompanying picture is William C. Hartle, Illinois Power company employee, receiving the crisp \$5 bill from Lynn Ferguson of the Lions club. Glenn Spencer left, and Gordon May, right, approved the selection.

Mr. Hartle had been in the south end of town and was enroute to 145 Pine street to turn on the gas. He has worked with the company for ten years and during that time has been called out in all kinds of weather, but up to date he hasn't scratched a fender.

He is married and has four children. The family lives at 130 Chestnut street.

**One Of The Few**  
Driving a pick-up truck, Tuesday's winner attracted the attention of the committee when he came to a full stop at Diamond and Chambers street. Incidentally, more than a dozen other cars had eluded through that intersection before he came along.

Hartle started to move north, but checked his truck when a driver coming off of Chambers street practically ignored the stop sign.

From that point to Pine street, Hartle put on a demonstration of faultless driving. He showed his driver's license and the reward was his.

Seven more \$5 bills will be distributed to courteous users of the streets of Jacksonville during the current campaign.

**Grain Crops For '48 Expected To Break All-Time Record**  
Washington, Aug. 10.—AP—Farmers are on a record-smashing food production spree which may help bring down the spiraling cost of living.

An agriculture department report on crop conditions as of August 1 predicted today that total production this year will top any other year—including the big war years—by 6 percent.

In this astonishing volume is a prospective record corn crop. This means, officials said, that in time there will probably be a downturn in prices of meats, dairy and poultry products—now the chief worries of budget-pinched housewives.

A big assist was given by the weather man. The department said unusually favorable weather in July—including "ideal corn weather" in the Midwest—boosted the indicated production slightly more than 4 percent.

**Record Soybean Crop Seen**  
This picture of future abundance included forecasts of the second largest wheat crop on record, record crops of soybeans, rice, peanuts and pecans; near record crops of oats, flaxseed, grain sorghums, dry beans and citrus fruits; and above-average volumes for all other crops except rye, buckwheat, dried peas, sweet potatoes, apples and pears.

Corn was the big news of the report. This crop was put at 3,500,000—363 bushels—an increase of 177,501,000 bushels over a month ago, and a boost of 256,050,363 over the previous record of 3,243,950,000 in 1946.

Corn is the major raw material in producing meats, dairy and poultry products. The report indicated this year's big crop will be supplemented by a large volume of other feed grains and materials to create perhaps a new surplus.

**Could Expand Livestock Production**  
If the grain estimates are borne out—and everything indicates that they will—farmers would be in a very favorable position to expand livestock production.

A very short corn crop of 2,400,952,000 bushels last year forced producers to cut down on livestock. This accounts largely for present short supplies and high prices of meats, dairy and poultry items.

Officials said consumers should begin to benefit from the big grain crops next spring. By that time, they said, there should be a noticeable increase in supplies and lower prices of livestock products.

Reflecting the indicated record yields of all grains combined, prices of grain already have dropped sharply since the postwar peak of last January.

**Charles E. Spiker, 82, Dies At Home Near Waverly**  
Waverly—Charles Edward Spiker, retired farmer, died at his home northwest of Waverly Tuesday afternoon at 2:10 o'clock. Mr. Spiker had been in ill health since April of this year when he suffered a stroke.

He was born near Oakland, Maryland, November 29, 1865, the son of the late George and Sarah Thompson Spiker.

Surviving are his wife, Mrs. Mary Spiker, two daughters, Miss Bessie Spiker, at home, and Mrs. Pearl Donovan of Springfield; two sisters, Mrs. Nona Odum and family, W. Va., and Mrs. Ella Echart, Oakland, Maryland.

The remains are at the Neece funeral home where services will be conducted at 2 p.m. (CST) Thursday with burial in Yatesville cemetery, west of Prentice.

**PATIENT HERE**  
Roodhouse—Mrs. H. E. Pollard is a surgical patient at Our Saviour's hospital in Jacksonville.

Two portable radios purchased by the White Clover tag fund were presented to the veterans unit of the state hospital by a committee of Amvets.

The FM models were joyously received by the veterans, especially by the baseball fans. Those shown in the photograph are, left to right, Herbert Dodsworth, Service Officer George W. Vasconcellos, Harold Meyers, Dr. James L. Smith, Ross Cox, Marvin Martin, Glenn Spencer and C. P. Seigfried, third district representative of the Amvets.

## Data On Potter's After-Hours Work Presented To Court

Great Lakes, Ill., Aug. 10.—(AP)—Reports on after-hours work of Capt. Howard Potter were presented today at his court martial on charges of fraud and unauthorized absences from naval duty.

He is accused of holding a \$350 a month job with the Illinois State Housing Authority while drawing naval pay.

Cmdr. T. N. Foster, district security officer at Great Lakes, presented to the court the log of the Administration building from Jan. 2, 1948, to the present. Recorded in it were entries and departures of naval personnel after the building had been closed for the regular working day.

The log showed Potter worked after hours 15 times during January and 26 times during February. Foster said the log for 1947 had been destroyed.

Potter's secretary, Miss Isabella Goshgarian of Waukegan, testified she usually typed Potter's additional duty reports and that these showed he spent 50 per cent of his time outside the office on naval duties.

She said it was not until last February that she saw a naval directive forbidding an officer on active duty from holding a civilian job without permission of the district commandant. It was issued in April, 1947.

Cmdr. Bruce E. Dennis, field administrator of the naval reserve program, testified he worked in the field with Potter and had seen the April, 1947, order for the first time only eight weeks ago.

Dennis said he did not know Potter held a state job.

## Tobin To Decide Acceptance Soon

Washington, Aug. 10.—(AP)—Maurice J. Tobin today thanked President Truman for offering him the job of secretary of labor and told him he would decide "within 48 hours" whether to accept it.

Tobin, 47-year-old former Democratic governor of Massachusetts is now seeking another term.

Acceptance would not mean mandatory withdrawal from the governor's race. The Hatch act forbidding federal employees to engage in politics does not apply to cabinet officers.

## Amvets Complete Plans For White Clover Day Here This Saturday

This Saturday will be White Clover Day in Jacksonville, when members and friends of the Amvets and its auxiliary will sell the characteristic tags here to provide funds for their service and rehabilitation work. Final plans for the event were completed at a regular meeting of the Amvets post, No. 100, held Tuesday evening.

Glenn Spencer is the chairman of this year's drive. He will be assisted by a committee composed of Maryellen McFadden, Maurice Mansfield, Harold Myers, Ross Cox, Herbert Dodsworth, Donald Tucker and Delbert Tharp. Miss McFadden will organize a crops of women soldiers.

Mr. Spencer announced that special gifts would be received Saturday. They may be brought to his office at the Production Credit association on East State street.

**For Morgan Veterans**  
He stressed that the money raised here Saturday during the third annual White Clover tag day sale will be used solely to assist Morgan county veterans.

When the Amvets presented two FM radio sets to the veterans residing at the units here, Dr. James L. Smith, the managing officer, requested consideration of a proposal to establish a specially-selected library for the benefit of the patients. The committee expects to spend a portion of Saturday's receipts for books.

**To Sell Tags At Fair**  
The Jacksonville post will augment their White Clover fund Sunday. The committee has secured permission to sell tags at one of the state fair gates on Veterans Day.

The post last night passed two resolutions for submission to the national convention to be held at the Palmer House, Chicago, on Sept. 2-5. Albert W. Hall was directed to draw up resolutions advocating the sale of tax-free tobacco to any hospitalized veteran and to hire hospitalized veterans in the assembly of White Clover tags. Patients in hospitals maintained by the Veterans Administration now have the privilege of buying tax-free tobacco products.

Commander Marvin Martin will attend the national convention. C. P. Siegfried was chosen the post delegate, with Russell Armstrong the alternate.

Abernethie, home economics; Bernice Scott, English and Latin; Elizabeth Zimmerman, speech and English; Doris Stegemann, commerce; Helen Robinson, mathematics and girls physical education; Mary Almond, science.

**Crop Forecasts Predict Record Soybean Yield**  
Washington, Aug. 10.—(AP)—A record soybean crop of 205,000,000 bushels this year was forecast today by the agriculture department, based on its estimate on conditions as of August 1, the department said the indicated yield is 13 percent more than last year's 181,000,000 bushel crop and 52 percent higher than the 1937-46 average production.

The board said the largest previous crop was 201,000,000 bushels in 1946, produced from about the same number of acres as this year.

Heavy-producing North Central states had an especially good planting and growing season.

Both Ohio and Indiana expect good yields with Indiana reporting the highest of record the board said. Yields in south Atlantic states are expected to be better than average.

South central states have good prospects, the report continued. Rains in Virginia caused only slight damage and conditions in Illinois were reported exceptionally favorable.

**Goodie And Goodall Families Reunite In Greene County**  
Manchester — The sixth Goodie-Goodall reunion was held Sunday, August 8, at the old Goodall homestead near Wrights. Sixty-eight members of the family attended.
